Dr. Gary E. Mical
Superintendent

Dear Holmes Middle School & Whitman Elementary Parents/Guardians:

On Tuesday, March 3, 2009, District 21 Administration met with the Village of Wheeling and discussed the upcoming Wolf Road Sanitary Sewer and Water Main Replacement Project, scheduled to begin the week of March 9, 2009. This project is a Village of Wheeling initiative, and the construction work is scheduled in two distinct phases. Phase One will last approximately only one month from March 9th through early April. This portion of the project stretches from E. Manchester Drive moving north on Wolf Road to just before the south entrance of Holmes Middle School. Phase One construction will begin around Manchester Drive and will require sidewalk construction on either side of Wolf Road from time to time. District 21 has been assured by the Village of Wheeling that the Wheeling Police Department will provide crossing guards and/or police presence as necessary for our Holmes Middle School and Whitman Elementary School walking students during both morning and afternoon walking times. Unfortunately, exact time periods for particular portions of sidewalk construction cannot be known at this point due to variable weather conditions. Please also note that there will be traffic delays on Wolf Road and probably surrounding Village streets, even though both lanes of Wolf Road are scheduled to remain open during Phase One.

Phase Two of the project is north of Dundee Road on Wolf Road and should not disrupt Holmes Middle School and Whitman Elementary walking students. The Phase Two disruptions relating to District 21 students include traffic delays and potential bus route changes. These Phase Two disturbances should not begin until April, and they are scheduled to continue through the summer months. You will receive communication from your student's school regarding any necessary bus route changes.

Finally, the Village of Wheeling is managing this project, and additional information has been provided by the Village on its website at the following link: www.wheelingil.gov. You also can access the link via District 21's homepage, www.ccsd21.org, by clicking on "Wolf Road Construction" or "information published by the Village of Wheeling."

Sincerely,

A handwritten signature in black ink, appearing to read "Jeremy M. Davis", written in a cursive style.
